READING BY DESIGN

JUNE 12 - JULY 28

EARLY REGISTRATION BEGINS JUNE 5, 2017

Youth Reading Programs

For participants from birth–18 years, there are three levels of reading programs for readers of every stage:

Mini Makers is for pre-readers of any age

Elementary Engineers is for readers through 5th grade that can read independently

Techie Teens is designed especially for teen readers entering 6th–12th grade

Each stage of readers will design their *own* summer reading program! When you get your summer reading blueprint, choose the tasks you want to complete to reach each goal. When you complete each goal, select the prize you want from the available options for your level. Early registration begins June 5 at 9am at either library or online at www.trpld.org.

Track your achievements online starting June 12.

Register for summer reading at www.trpld.org or at either library location.

Monday Movie Matinees

Mondays in July, 3-5:15pm at Minooka Branch
Snacks and drinks provided for all ages.
Registration is required.

July 3

July 10

July 17

July 24

WHY GOOD PROGRAMS ARE CANCELLED

Programs with registration require a minimum of 5 registered participants in order to occur. If the minimum registration is not met by a certain date, the program may be cancelled.

On the flipside, popular programs fill quickly and last minute registration requests are often not able to be taken.

So, if you are interested in a program...

REGISTER EARLY!
